dualos

CAPABILITY STATEMENT

Company Overview

Dualos applies our expertise and products, along with industry-leading partner solutions, to serve the Aerospace and Defense industry. We provide tailored solutions designed to address the complex testing challenges our customers encounter.

Nancy Papineau founded our Native American, SBA-certified Woman-Owned Small Business in 2008. Committed to advancing STEM education for Native American students, she serves as Vice-Chair of the American Indian Science and Engineering Society (AISES) Professional Chapter Council, a nonprofit focused on increasing Indigenous representation in science–technology–engineering–math.

NAICS Codes

332912 – Fluid Power Valve, Hose Fitting, Hydraulic Component OEM
334111 – Electronic Computers
334118 – Computer Terminal and other Computer Peripheral Equipment
334511 – Search, Detection, Navigation, Guidance, Aeronautical devices
334515 – Instruments for Measuring and Testing Electrical Signals
423430 – Computer and Computer Peripheral Equipment and Software

Products and Solutions

Dualos is a trusted and established supplier of **Precision Hydraulic Interface Components** for leading Aerospace manufacturers.

Additionally, Dualos partners with several world-class OEMs specializing in avionics, computers, testing and measuring instrumentation, including:

- **AMETEK/IntelliPower**
  Universal Power Supplies
- **Aspen Consulting Group**
  RF Testbed, EW and SIGINT software
- **Bluetest AB**
  RF/Microwave Reverberation Chambers
- **Dell Federal Authorized Partner, ID# 3615524521**
  Computers, Servers, 5G, AI/ML, Quantum, Data Storage
- **VIAVI (AvComm)**
  Avionics Flightline, Avionics Fuel Quantity, Fuel Capacitance
- **VIAVI (Wireless)**
  Radio/Comms, High Speed Ethernet, Cybersecurity, Channel Emulation
  Wireless Network/Base Station, O-RAN, AI/ML, Quantum
